Choosing the right lock is important.

Locks are an investment in peace-of-mind and security, but most people are staggered by the variety of lock types and the multitude of colours and materials available. Because it is not something you do very often, RAC Security provides free advice to make sure you get the right locks for your particular situation and budget.

We continually update our range, ensuring you can choose the right locks for the job while enhancing your décor or building style. Our range of locks offers you a balance between style and functionality, quality and price.

We offer a full locksmith service, ensuring correct fitting which can save you time and ensure your home meets minimum security standards for insurance purposes. When installed by our licensed locksmiths you also enjoy a guarantee of both product and workmanship.

You can trust RAC Security to provide a high quality product that is value for money.

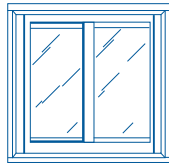

RAC Security offers you a complete service.

Despite the extensive choice, selecting locks from RAC Security is easy.

- Avoid hard work and ensure correct installation with our locksmith service.
- Our fully licensed locksmiths can repair most locks.
- We also offer a 24 hour emergency repair service.

So relax, secure in the knowledge your locks have been supplied by approved suppliers, tested by RAC Security to meet our strict quality requirements and correctly installed by our licensed locksmiths.
